SUPPLEMENT TO
REPORT NO.

1. In the frontier area between the community of Cerna Reka and the Cerchov mountain (N50/U59), which is 1039 m. high, anti-tank obstacles are being erected across the roads and in the open spaces in the forest. Cerna Reka is located at the road leading from Liskova (Haselbach - N50/P60) to Domazlice (Taus - N50/P70). The obstacles consist of two rows of wooden pilings. The pilings in each row are connected by heavy timber, and the space between the rows is filled with stones and earth. The obstacles are 2 m. high and 2-3 m. wide.

2. To date no mine fields have been laid in this area.
